STRONGER IF YOU
REALLY LIKE HIM.

I CAN
TALK...

By the way, while I was working on this column, I had a head party for them very straightforward since my childhood (according to my parents), and as such, I'm not compatible with such an event so I was very nervous on the day of the party and my hands were shaking. I probably scared the visitors. But I'm thankful that they talked to me and gave me gifts I really appreciate them. Although I'm like this, they put up with me. Thank you all so much.

By the way, when people are nice to me, I don't know what to do (LOL) Thanks so much to those of you who came to the event.

...LATELY,
I'M NOT DOING
SO GREAT.

I FORGET HOW
TO TALK WHEN I'M
WITH HIM

WON'T BE
TALKING TO ANYONE
NO MORE

...BUT WHY
DON'T I TALK
ANymore?

DON'T YOU
WANT HIM?

IT'S

I HOPE
MY BRO ISN'T
FORCING YOU

WELL,
SOMETIMES

OF COURSE.

Hide-kun!

HELLO?

WHICH

WHEN A PERSON
DANCES, HE EITHER
WANTS TO BE POPU-
LAR AMONG GIRLS,
OR JUST WANTS

IF YOU MISS
THIS CHANCE,
YOU WON'T HAVE
ANOTHER LATER.

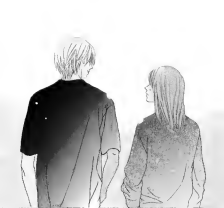

HIGA-

BRIGHT TO SOLID CONDENSATION APPARATUS

Can I talk a little bit more now?
Because I forgot to tell you
is the male story that street
dance has a lot of styles and
each one has its own unique
characteristics. (I didn't have
time to explain them earlier.)

Just off the top of my head,
I can come up with hip-hop,
house, rock, pop, break...
(Basically, there are a lot.)

Rock and pop aren't
referring to those genres
of music (LOL). Rather,
those are certain styles
of street dance. (I know
it's surprising.)

Author's note:
It was hard to grasp
her character until the
end. If she had been a
side character, she
would have been
more active.

● Rock

Moving to the rhythm with certain movements of the elbows, arms, and shoulders. Joey's artists sometimes use rock-style movements, so even if you're not interested in dance, you may have seen it.

● Pop

Flopping the music to the beat of the music. It's like turning yourself into a robot. Very unique movements. You can't get bored watching it. I've seen some who can pop as technicians.

● Break

The main part of this style of dance is the acrobatic ability that's required for the moves. When you see it performed, it makes you think, is it really OK to move around so much? It takes a lot of strength and usually only boys dance it,

but sometimes girls try it, which impresses me. I enjoy watching it but the most, I guess practicing it is very hard.)

● Popping
It's a style of dance that's very unique. It's like turning yourself into a robot. It's very hard to learn, but it's very fun. I've seen some who can pop as technicians.

◆ **Pango (Director) (JOL)**
 Essential to make her
 more of a deep character
 but I'm not a deep person,
 so it wasn't possible...

◆ **Hip-hop**

Known for its loose
 movements. It's more
 dramatic than House
 More energetic. When
 watching a great town,
 I forget how to breathe

◆ **House**

Smooth movements, mainly with
 legs. When you see it performed,
 you want to say, "you'll twist your
 legs!" it's that amazing! It's not
 that strong, so it's smarter and
 cooler. This is my favorite

There is more to say about the different styles of street dancing, but for a spectator, it's enough just to know that they're all cool! I had a hard time dancing this year, but I really love dancing, so I want to try another story about dancing again in the future.

Discards look kind of scary at first, but they're basically athletes [LOL], and once I started talking to them, they were very nice and friendly. I really thank Teunzei-san who helped me a lot.

Also, I want to apologize to my editor, assistants, and the community, who put up with all the trouble I caused while I was working on this story. Finally, I really thank those of you who read this far.

Thank you so much

I hope to see you soon
